Meet ur candidates!

Nutsa Samshia

Surya Melon

Both got 15 votes!?!?!?

4 GAMES 5 points

4 games 5 points

Game 2: NIM

Of course! Here are the basic rules of **Nim** in bullet points:

-  **Goal:** Be the player who removes the last object.
-  **Setup:**
 - There are one or more *piles* (or heaps) of objects (e.g., stones, sticks, coins).
 - Each pile can have any number of objects.
-  **Players:**
 - Two players take turns.
-  **On your turn:**
 - You must choose **one pile**.
 - Remove **at least one** object from that pile (you can take as many as you like from it, but only that one pile).
-  **You lose** if you cannot make a move (i.e., all piles are empty on your turn).

Want a quick example to see how it plays out?

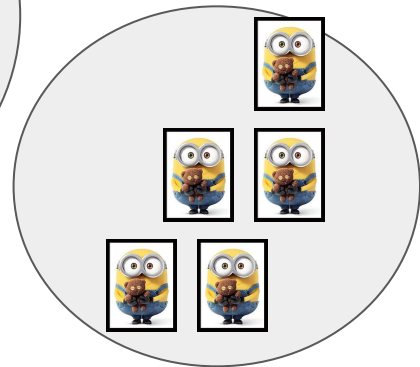

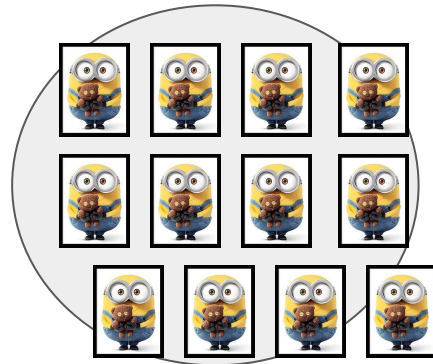

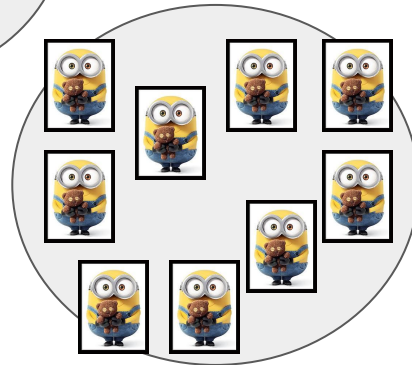

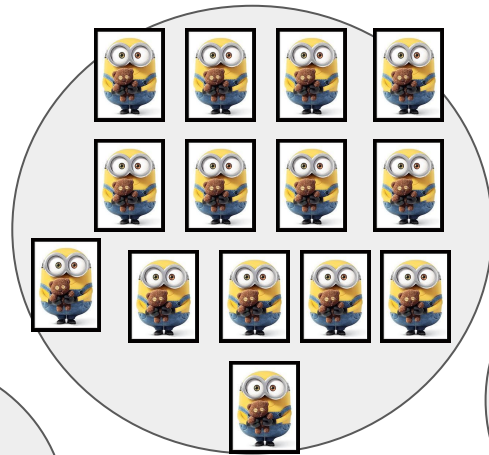

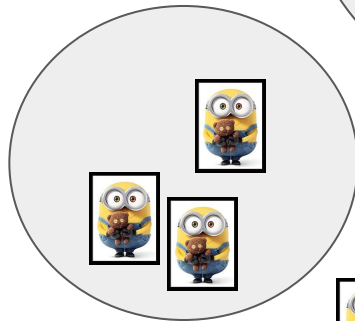

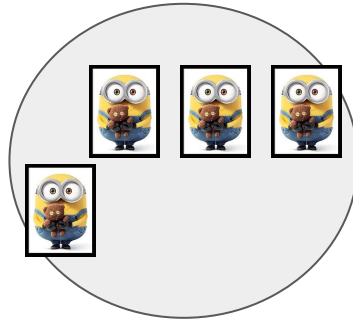

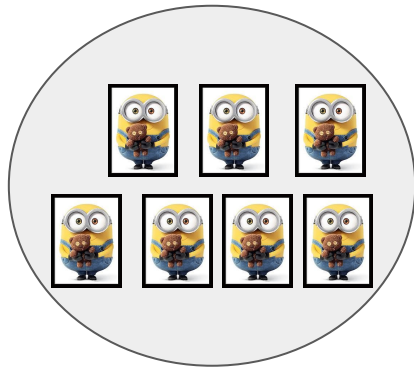

There will also be a 4 minute timer

First person is decided by coin flip.
