

Markov Chains

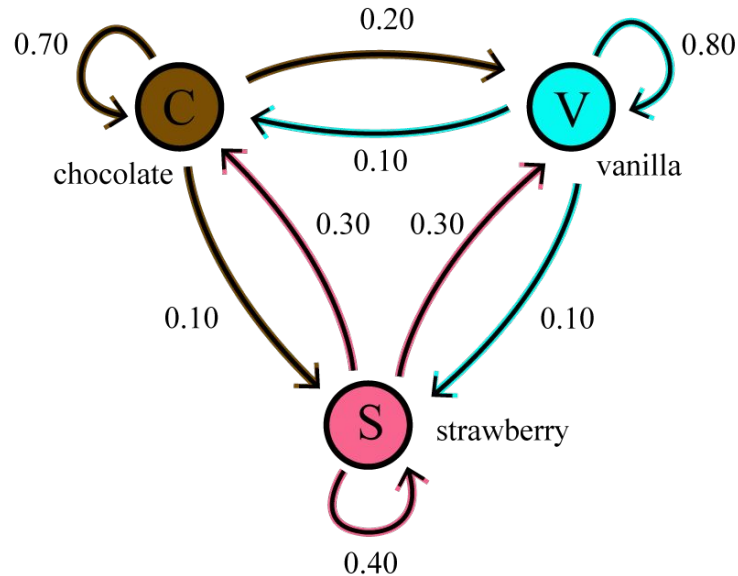

Click to add subtitle

the next state depends only on the current state, not on the sequence of previous ones

If u run a chain forever how many of each node wil you get?

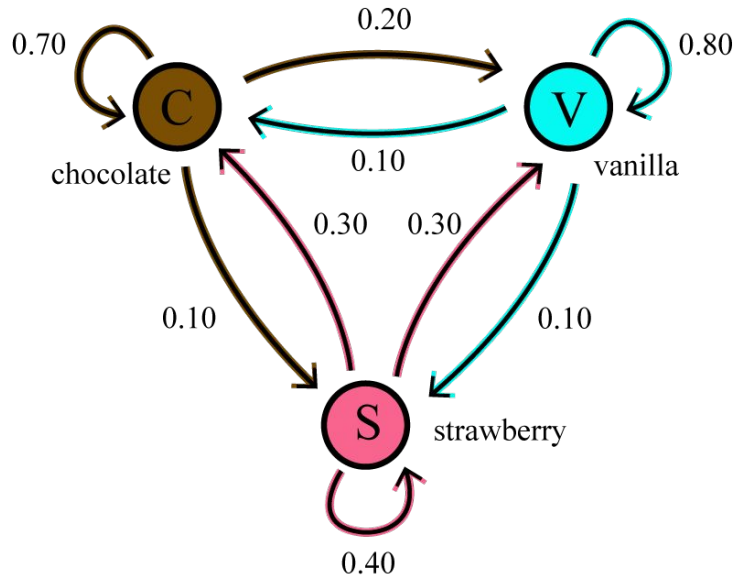

Matrix Multiplication

$$\begin{bmatrix} a_1 & a_2 & a_3 \\ a_4 & a_5 & a_6 \\ a_7 & a_8 & a_9 \end{bmatrix} \begin{bmatrix} b_1 & b_2 & b_3 \\ b_4 & b_5 & b_6 \\ b_7 & b_8 & b_9 \end{bmatrix} = \begin{bmatrix} c_1 & c_2 & c_3 \\ c_4 & c_5 & c_6 \\ c_7 & c_8 & c_9 \end{bmatrix}$$

A diagram illustrating matrix multiplication with specific values. The first matrix is $\begin{bmatrix} 1 & 2 & 3 \\ 4 & 5 & 6 \end{bmatrix}$ and the second matrix is $\begin{bmatrix} 7 & 8 \\ 9 & 10 \\ 11 & 12 \end{bmatrix}$. The result is $\begin{bmatrix} 58 & 64 \end{bmatrix}$. The first row of the first matrix (1, 2, 3) is highlighted in orange. The first column of the second matrix (7, 9, 11) is highlighted in orange. The first element of the result (58) is highlighted in orange. A yellow arrow points from the first row of the first matrix to the first element of the result. Another yellow arrow points from the first column of the second matrix to the first element of the result.

$$\begin{bmatrix} 1 & 2 & 3 \\ 4 & 5 & 6 \end{bmatrix} \times \begin{bmatrix} 7 & 8 \\ 9 & 10 \\ 11 & 12 \end{bmatrix} = \begin{bmatrix} 58 & 64 \end{bmatrix}$$

Creating matrix from markov chain

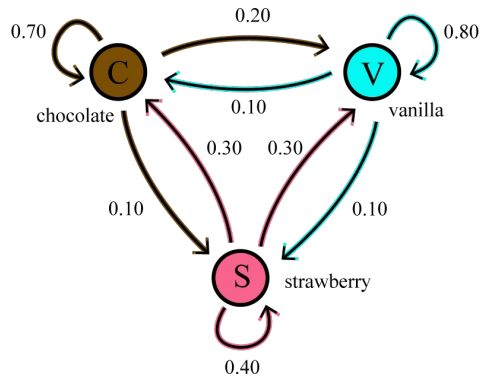

Chocolate	Strawberry	Vanilla	
70%	30%	10%	Chocolate
10%	40%	10%	Strawberry
20%	30%	80%	Vanilla

Living a single life can be fun, but at a certain point, you might want to get a girlfriend. Easier said than done, right? You've got a better chance at getting a girlfriend than you think! From online dating to approaching girls IRL, we'll walk you through the best strategies to start finding and flirting with the girl of your dreams. Read on for a complete guide on meeting new girls, improving your flirting game, and landing more dates with the girl you like with expert tips from professional dating coaches Laura Bilotta and Maria Avgitidis. You'll be saying goodbye to the single life before you know it!

How do you get a girlfriend?

Dating coach Laura Bilotta recommends meeting potential girlfriends at co-ed clubs and activities, volunteer events, or social events. She advises being friendly, confident, and focused on building a friendship when you meet girls. Ask questions and show genuine interest in what she has to say to get to know her.

Part 1

Presenting Your Best Self

 Download Article

1 Wear clothes that make you feel good about yourself. Go through your closet and pick out clothes that fit you well. Show off who you are, such as your interests or personality. This will help you feel confident about yourself so you can put your best foot forward.^[1]

- Don't worry about your body type because everyone is attractive in their own way.
- Choose outfits that match your style, like a concert t-shirt and jeans, a button-up shirt and khakis, leather and denim, or pastels and floral prints.
- Show off your interests by wearing t-shirts featuring your favorite bands or sports jerseys from your favorite team.

What if we add more “context”
